Items that require council action: *none*

Items that may require budget/finance coordination: piano repairs needed as soon as the 2010 budget has been approved.

Items discussed:

New Members Needed. We have several members revolving off our team this year and need new members to take their places.

Advent/Christmas Services: the number of services and times seemed appropriate.

New Hymnals/Music Introduced. New music is being introduced from the new hymnals already. We will officially begin using these hymnals on March 21.

Seasons of the Church/2010 Staff Planning. Much staff planning has been done for the 2010 seasons of the church. We will work to lift up the seasons beginning with the Lenten season. Kathy will call Amy Z. and see if we can schedule dancers at either one of the Lenten services or a Sunday during Lent.

Summer 2010 Worship in the Park We would like to work to make it a multi-site experience this summer.

Worship Music Leader at the North Site. A group of NS members along with Pastor Mary will begin the search for a replacement music leader for the North Site.

Change of worship space orientation at the North Site. During Advent and Christmas, the worship setting was re-oriented to face the west. There were both positive and negatives with this experience.
